If only we could, we surely would! On the other hand, using file can actually save you money. File is free to use with no gotchas and no hidden fees. It is also allowed to link to the download page from websites and communities. Why pay storage fees for a file that you just wanted to send to a friend or colleague? Also, many team chat apps have limits to the size of files that can be transferred within their apps. Just upload the file you want to share with your friends andwe send you a download link to your file. This is easy, fast and reliable filehosting! You don't need any kind of premium-accounts. Unfortunately, we can'tmake that part free. When you use file, you avoid storing the file you're sending in your cloud storage or mail server. There are no restrictions on the number oftimes a file can be downloaded. Keep your files private, or send your download links only to friends or family. Files can be downloaded from any computerfrom our high speed servers. Alternatively you can choose to share your download links on blogs, forums and social networking sites. Using file, you cancircumvent those limits without paying to upgrade your team chat service. You don't need any special software installed to be able to download your files. Ourservice is completely free for everyone. You decide who you want to share your files with. No account or credit card is required to get started. So try our freeand simple filehosting service now. You can give this download link to your friends by mail or instant messenger. Any file in any format can be uploaded anddownloaded for free. We have no file size limit. You can upload any type of file (movies, music, documents, images, zip files and more). Your wallet will benone-the-lighter! Just so we're all 100% clear here: When you share a file, data is being transferred between your computer or phone and our servers, then fromour servers to your friends device. Simply upload your file and share the link. The cost of that data transfer is covered by your internet service or the dat
