You can upload any type of file (movies, music, documents, images, zip files and more).

So try our free and simple file hosting service now. Using file, you can circumvent those limits without paying to upgrade your team chat service. Files transferred the old-fashioned way tend to pile up and be forgotten about, eventually costing you money in data storage fees. Our service is completely free for everyone. The cost of that data transfer is covered by your internet service or the data plan on your phone. We have no file size limit. This is easy, fast and reliable file hosting! You don't need any kind of premium-accounts. It is also allowed to link to the download page from websites and communities. Any file in any format can be uploaded and downloaded for free. Just upload the file you want to share with your friends and we send you a download link to your file.

There are no restrictions on the number of times a file can be downloaded.
