File is free to use with no gotchas and no hidden fees. Simply upload your file and share the link. Keep your files private, or send your download links only to friends or family. We have no file size limit. Our service is completely free for everyone. You can upload any type of file (movies, music, documents, images, zip files and more). filehosting provides an easy possibility for you to send large files to your friends. Your wallet will be none-the-lighter! Just so we're all 100% clear here: When you share a file, data is being transferred between your computer or phone and our servers, then from our servers to your friends device. Unfortunately, we can't make that part free. This is easy, fast and reliable filehosting! You don't need any kind of premium-accounts. Any file in any format can be uploaded and downloaded for free. You don't need any special software installed to be able to download your files. Files can be downloaded from any computer from our high speed servers. No account or credit card is required to get started. Why pay storage fees for a file that you just wanted to send to afriend or colleague? Also, many team chat apps have limits to the size of files that can be transferred within their apps. Alternatively you can choose to shareyour download links on blogs, forums and social networking sites. Just upload the file you want to share with your friends and we send you a download link toyour file. There are no restrictions on the number of times a file can be downloaded. It is also allowed to link to the download page from websites and communities. If only we could, we surely would! On the other hand, using file can actually save you money. Using file, you can circumvent those limitswithout paying to upgrade your team chat service. The cost of that data transfer is covered by your internet service or the data plan on your phone. So try ourfree and simple filehosting service now. You decide who you want to share your files with. You can give this download link to your friends by mail or insta
