Maybe even better than free.

This is easy, fast and reliable filehosting! You don't need any kind of premium-accounts. You decide who you want to share your files with. Just upload the file you want to share with your friends and we send you a download link to your file. File is free to use with no gotchas and no hidden fees. We have no file size limit. Using file, you can circumvent those limits without paying to upgrade your team chat service. Any file in any format can be uploaded and downloaded for free. Keep your files private, or send your download links only to friends or family. Unfortunately, we can't make that part free. filehosting provides an easy possibility for you to send large files to your friends. It is also allowed to link to the download page from websites and communities. No account or credit cardis required to get started. Simply upload your file and share the link. You don't need any special software installed to be able to download your files. Our serviceis completely free for everyone. So try our free and simple filehosting service now. Files can be downloaded from any computer from our high speed servers.Your wallet will be none-the-lighter! Just so we're all 100% clear here: When you share a file, data is being transferred between your computer or phone andour servers, then from our servers to your friends device. The cost of that data transfer is covered by your internet service or the data plan on your phone. Whenyou use file, you avoid storing the file you're sending in your cloud storage or mail server. Files transferred the old-fashioned way tend to pile up and beforgotten about, eventually costing you money in data storage fees. If only we could, we surely would! On the other hand, using file can actually save youmoney. Why pay storage fees for a file that you just wanted to send to a friend or colleague? Also, many team chat apps have limits to the size of files that canbe transferred within their apps. Alternatively you can choose to share your download links on blogs, forums and social networking sites. You can upload anytype of file (movies, music, documents, images, zip files and more). You can give this download link to your friends by mail or instant messenger. There are norestrictions on the number of times a file can be downloaded.
