Maybe even better than free.

You decide who you want to share your files with. Alternatively you can choose to share your download links on blogs, forums and social networking sites. It is also allowed to link to the download page from websites and communities. filehosting provides an easy possibility for you to send large files to your friends. Keep your files private, or send your download links only to friends or family. Files can be downloaded from any computer from our high speed servers. The cost of that data transfer is covered by your internet service or the data plan on your phone. If only we could, we surely would! On the other hand, using file can actually save you money. This is easy, fast and reliable filehosting! You don't need any kind of premium-accounts. Simply upload your file and share the link. File is free to use with no gotchas and no hidden fees. Just upload the file you want to share with your friends and we send you a download link to your file.You don't need any special software installed to be able to download your files. We have no file size limit. Using file, you can circumvent those limits withoutpaying to upgrade your team chat service. Unfortunately, we can't make that part free. So try our free and simple filehosting service now. Your wallet will benone-the-lighter! Just so we're all 100% clear here: When you share a file, data is being transferred between your computer or phone and our servers, then fromour servers to your friends device. Any file in any format can be uploaded and downloaded for free. You can upload any type of file (movies, music,documents, images, zip files and more). When you use file, you avoid storing the file you're sending in your cloud storage or mail server. You can give thisdownload link to your friends by mail or instant messenger. Why pay storage fees for a file that you just wanted to send to a friend or colleague? Also, manyteam chat apps have limits to the size of files that can be transferred within their apps. There are no restrictions on the number of times a file can bedownloaded. Our service is completely free for everyone. No account or credit card is required to get started. Files transferred the old-fashioned way tend topile up and be forgotten about, eventually costing you money in data storage fees.
