Maybe even better than free.

Why pay storage fees for a file that you just wanted to send to a friend or colleague? Also, many team chat apps have limits to the size of files that can be transferred within their apps. File is free to use with no gotchas and no hidden fees. filehosting provides an easy possibility for you to send large files to your friends. When you use file, you avoid storing the file you're sending in your cloud storage or mail server. It is also allowed to link to the download page from websites and communities. Unfortunately, we can't make that part free. You decide who you want to share your files with. Alternatively you can choose toshare your download links on blogs, forums and social networking sites. Our service is completely free for everyone. Your wallet will be none-the-lighter! Justso we're all 100% clear here: When you share a file, data is being transferred between your computer or phone and our servers, then from our servers to your friends device. Files can be downloaded from any computer from our high speed servers. Simply upload your file and share the link. You can give thisdownload link to your friends by mail or instant messenger. We have no file size limit. You don't need any special software installed to be able to downloadyour files. You can upload any type of file (movies, music, documents, images, zip files and more). So try our free and simple filehosting service now. Keepyour files private, or send your download links only to friends or family. Any file in any format can be uploaded and downloaded for free. No account or creditcard is required to get started. If only we could, we surely would! On the other hand, using file can actually save you money. Just upload the file you want toshare with your friends and we send you a download link to your file. Files transferred the old-fashioned way tend to pile up and be forgotten about, eventuallycosting you money in data storage fees. Using file, you can circumvent those limits without paying to upgrade your team chat service. There are no restrictionson the number of times a file can be downloaded. This is easy, fast and reliable filehosting! You don't need any kind of premium-accounts. The cost of that data transfer is covered by your internet service or the data plan on your phone.
